Dear Rob,

RE: Griffith University Aquatic Centre (G45)

I would like to thank you and the team at Multiblast for the excellent product delivered at the Aquatic Centre. The honed concrete surrounding the pool not only looks amazing, but also provides a vibrant sealed finish where slip resistance is not an issue. We have had a flood of positive feedback from Watpac staff, as well Griffith University and the Brisbane City Council.

I would particularly like to thank your staff for the due diligence and attention to detail they showed throughout the project. The extra time and effort you put in did not go unnoticed and it was a joy for me to work with such a dedicated and skilled contractor.

The project team are very proud of the project delivered and Multiblast was a key factor in that. I look forward to your future contributions on other Watpac projects.

Yours sincerely

WATPAC CONSTRUCTION PTY LTD
